UM330

CHARACTERISTICS

REFERENCE	A	B	H	H1
UM330	2000	630	830	435

Material: Legs and center reinforcement made of 50 x 8 mm steel plates. Stainless steel screws. Two tropical wooden boards of 170 x 40 mm for the seat and a 190 x 40 mm board for the backrest.

Finishing: Legs treated with brilliant black polyester paint (oven technique). Tropical wood treated with a preventive fungicide, insecticide and water proofed product. Mahogany wood colour finish.

Recommended anchorage: M10 fixing bolts for anchoring to the ground, depending on the surface and the project.
